

VOCATIONS SUNDAY

29th APRIL 2012

National Vocations Sunday is designed to encourage people to consider their vocation, wherever it may lead. It provides an opportunity for churches to use this particular Sunday to focus on the theme of vocation.

Following the success of last year's Vocations Sunday, we will again be arranging for a team of preachers to talk about their vocational journeys and preach on the importance of God's call to his people. They will also encourage people to consider the many ways Christians are called to serve and witness in the world and in the church.

Our team of preachers includes Ordinands in training, Vocations Advisers and members of the DDO team.

If you would like someone to come and preach at your church, please email ddosec@riponleeds-diocese.org.uk.
